

**BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION**

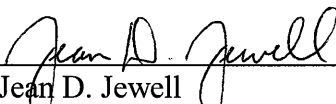

<b>IN THE MATTER OF THE APPLICATION OF )</b>	
<b>IDAHO POWER COMPANY FOR APPROVAL )</b>	<b>CASE NO. IPC-E-05-13</b>
<b>OF A FIRM ENERGY SALES AGREEMENT )</b>	
<b>FOR THE SALE AND PURCHASE OF )</b>	
<b>ELECTRIC ENERGY BETWEEN IDAHO )</b>	<b>NOTICE OF WITHDRAWAL</b>
<b><u>POWER COMPANY AND DRY CREEK, LLC )</u></b>	

On March 31, 2005, Idaho Power Company filed an Application requesting approval of a Firm Energy Sales Agreement (Agreement) between Idaho Power and Dry Creek, LLC dated March 29, 2005. Under the Agreement, Dry Creek would sell and Idaho Power would purchase electric energy generated by the Broadwater Hydroelectric Project located near Toston, Montana for nine months of the year (from June through February).

On April 25, 2005, the Commission decided to submit the Application for public comment on Modified Procedure. Order No. 29764. On May 11, 2005, comments were received from Montana's Department of Natural Resources and Conservation (MDNRC). MDNRC owns, operates, maintains, and manages the Broadwater Hydroelectric Project. MDNRC sells electricity generated at this facility to NorthWestern Corporation via a PURPA QF contract.

On May 25, 2005, Idaho Power notified the Commission that Idaho Power and Dry Creek LLC mutually agreed to rescind the Agreement and withdraw the request for approval effective May 11, 2005. Pursuant to Rule 68 and because there is no longer an Agreement to consider, this case is hereby closed. *See* IDAPA 31.01.01.68.

DATED at Boise, Idaho this 3<sup>rd</sup> day of August 2005.
